A contemporary villa in the heart of the Riviera dei Fiori

Located on the heights of Dolceacqua, this exclusive villa of approximately 150 m<sup>2</sup> combines contemporary elegance and Mediterranean sweetness, in a quiet and preserved environment.

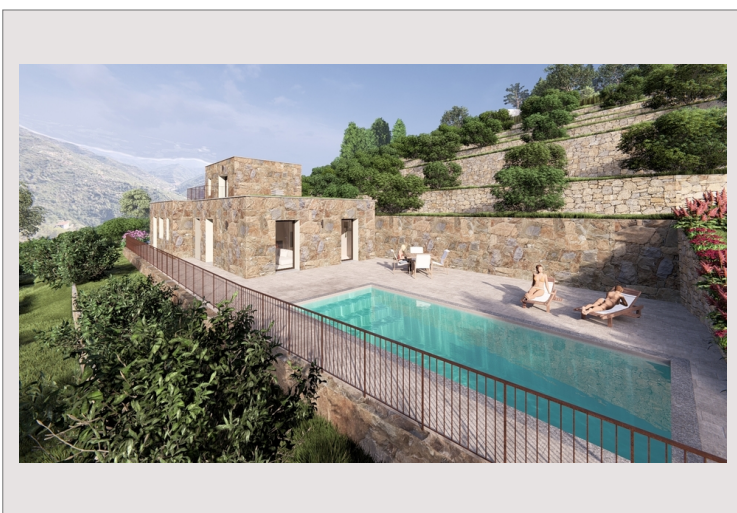

Its sleek architecture and bay windows open onto an exceptional 180° panorama, bathing each room in light thanks to its East-South/East orientation.

The interior consists of a large living room with fireplace and an open kitchen with dining room giving direct access to the swimming pool. Two en-suite bedrooms and a guest toilet occupy the ground floor, while upstairs, an en-suite bedroom enjoys a private terrace with stunning views.

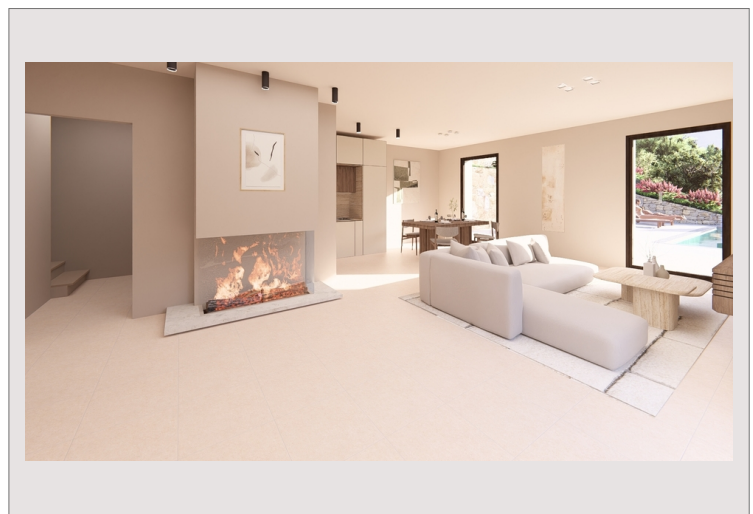

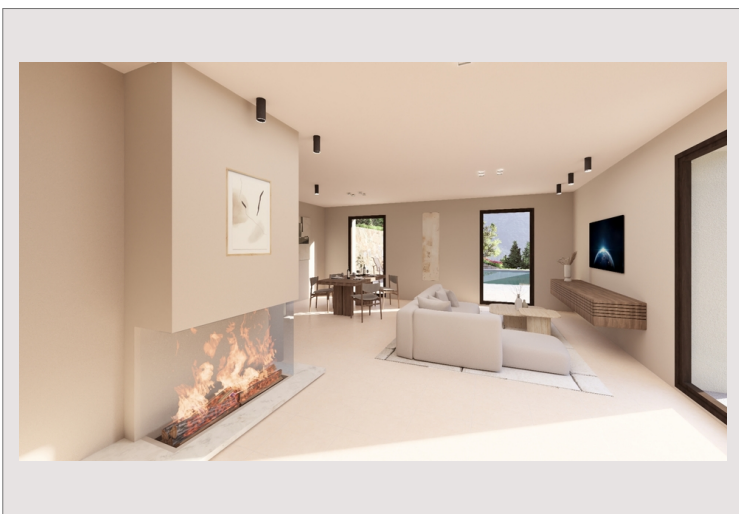

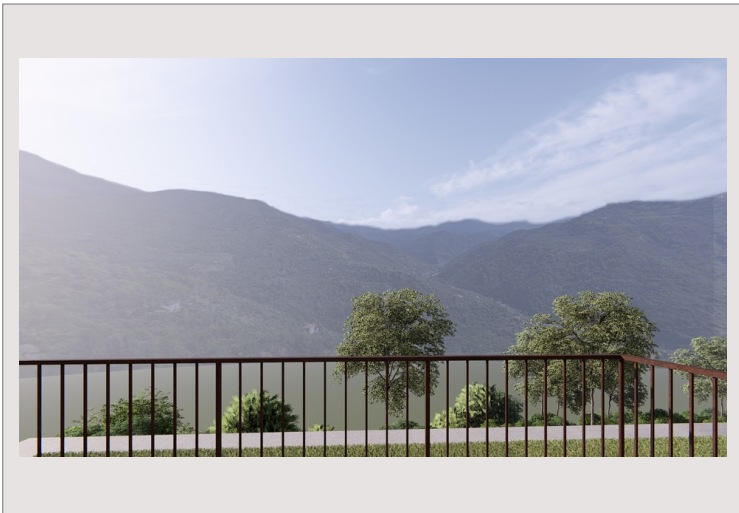

Outside, a large terrace and a swimming pool surrounded by olive trees offer an idyllic setting to enjoy the Italian art of living.

Only 45 minutes from Monaco, a few minutes from the village and less than 10 km from the sea, this rare property is an invitation to serenity.

Price including the land + the upcoming construction project. Depending on the customer's requirements, the final price may vary upwards.
